STATE OF THE PORT: PORT OF HUENEME

The Port of Hueneme began 80 years ago with a mission to provide California's central coast agricultural community with an ocean link to the global market. Located approximately sixty miles northwest of Los Angeles in Ventura County, it became known as "the Port the Farmers Built." Under the leadership of Port Director Kristin Decas, the Port of Hueneme has seen unprecedented growth and has become the nation's leader in autos and fresh produce and ranks among the top US ports for general cargo throughput. Please join the HAIC to hear from one of the nation's leaders in maritime-based trade, transportation, and infrastructure and the effects of COVID-19 on the Port of Hueneme.
