THE SUPPLY CHAIN & COVID-19

The COVID-19 outbreak is affecting all facets of the supply chain. Extended factory closures and the slowdown of goods movement in China and other Asian countries due to COVID-19 have been followed by sharp declines in demand from N. America and Europe. Please join the Harbor Association of Industry and Commerce (HAIC) as we partner with the Foreign Trade Association (FTA), to hear from IHS Markit trade and transportation economist Mr. Paul Bingham as he updates us on what we might expect in an economic recovery.
